Special SUPPLEMENTAL Hot List for the Washington State House of Representatives

Members of the Legislature,

Below you will find a Special Supplemental Hot List for a priority bill that is likely to come up for a floor vote as early as today.

Please feel free to contact me at clifford@ctassociates.org if you have any questions.

House Floor Action

HB 1110: Reducing the greenhouse gas emissions associated with transportation fuels (Clean Fuel Standard).

SUPPORT

Possible Floor Vote

- One of the four environmental community priorities of 2020.
- Supports the deployment of clean transportation fuel technologies through a carefully designed program that reduces greenhouse gas pollution from transportation fuels, while preventing unhealthy air pollution and increasing fuel choice.
- Reduces the carbon intensity of our fuels 20% by 2035, reducing climate pollution by about 6 million metric tons annually.
- Provides revenue for local businesses and transit agencies that invest in clean fuels and electrification, as well as for further utility investment in electric vehicle access and infrastructure.
- Improves Washingtonians' health and provides healthcare savings by reducing rates of asthma, respiratory and heart disease, and more.
