

APRIL 13, 2021

for the
Washington State
House of Representatives

The Environmental Priorities Coalition is a network of over twenty leading environmental groups who lobby in Olympia. In a virtual Legislative Session, this weekly “Hot List” for legislators, which details our highest priorities each week, should prove to be particularly helpful to you.

Please feel free to contact Clifford Traisman (Washington Environmental Council and Washington Conservation Voters) at clifford@ctassociates.org if you have any questions regarding our positions on any bills affecting the environment, not just these. The Hot List can also be found [here](#). Thank you.

House Committee Action

SUPPORT

House
Energy & Environment:
Public Hearing
Wednesday, 4/14

SB 5126: Concerning the Washington climate commitment act.

- The Climate Commitment Act puts a price on carbon pollution, caps emissions, reduces pollution over time, and includes several key provisions to address longstanding sources of pollution in overburdened communities in a way that includes direct community engagement and guidance.
- The climate crisis requires bold and decisive action and this bill takes a significant step forward as part of a thorough and multifaceted approach to meeting our climate goals.
- We are confident that the House will strengthen this bill even more and look forward to working with legislators to make those changes.

about the coalition

The Environmental Priorities Coalition is a network of over twenty leading environmental groups in Washington state that influence policy at the state level. For over a decade, the Coalition has selected joint priority issues to work on during legislative session to help focus environmental community resources and best achieve our shared goals.
