

FEBRUARY 16, 2022

for the
Washington State
House of Representatives

Representatives,

We will send “Special Supplemental Hot Lists” when hugely important bills to the environmental community rise to the level of needing special focus. For our third “Special Supplemental Hot List” of 2022, **HB 2119 – Move Ahead Washington**, rises to that level. See below for details.

Please feel free to contact me at clifford@ctassociates.org if you have any questions.

House Committee Action

SUPPORT

*House Transportation:
Public Hearing, 2/17*

HB 2119: Addressing transportation resources (Move Ahead Washington).

- Passage of a transportation revenue package is one of the environmental community’s top 4 priorities for the 2022 Legislative Session.
- \$3 billion in transit funding, including \$1.45 for transit support grants, youth fare free, and a new Tribal Transit Grant Program.
- \$1.27 billion for active transit, including increases in safe routes to school and a new program for connecting communities to address the past harms of the transportation system on communities.
- \$3 billion in maintenance and preservation of our current system.
- Investments from the Climate Commitment Act funding that reduces carbon emissions.
- This package is the cleanest transportation revenue package in state history.

Transportation for All

about the coalition

The Environmental Priorities Coalition is a network of over 25 leading environmental groups in Washington state that influence policy at the state level. For almost two decades, the Coalition has selected joint priority issues to work on during legislative session to help focus environmental community resources and best achieve our shared goals.
